## DESCRIPTION

With the new range of table-top single clippers, BECK CLIP SYSTEMS focus on reliable lightweights that are easy to set up and easy to maintain. The clippers are made of highest quality stainless steel and composite material, and comply with the very latest safety and hygiene requirements. Natural and artificial casings, nets and bags are fastened securely and gently. The BCS-175SC table-top single clipper handles three clip dimensions of the XT-CAA Serie (Made by BECK XT-CAA dimensions similar to T-200 series) and the XG-BHF series (Made by BECK XG-BHF dimensions similar to G-175 series). This clipper is also available in several options: with an automatic trigger (BCS-175SCA), in a horizontal model (BSC-175SC-H), and in a horizontal model with an automatic trigger (BSC-175SCA-H).

APPLICATIONS

Specially developed for the food industry and universally applicable for all natural and artificial casings. This clipper ist also very well suited for non-food applications. The model BCS-SCA with an automatic trigger is ideal suited for bagged pro-ducts such as poultry, while the horizontal models are perfect for sealing non-standard casings and liquids, like soups, bags with fishes and many other porducts.

ADJUSTABLE CLIP CLOSURE

The stroke limit can be adjusted manually. This allows the clip closure to be adjusted individually to the sensitivity of the material or the required tightness.

BASE CHARACTERISTICS

Width	Length
240 mm	280 mm
9.45"	11.02"

CLIPPER CHARACTERISTICS

TYP 50	Height	Width	Length	Weight
BCS-SC / BCS-SCA	765 mm 30.12"	240 mm 9.45"	466 mm 18.34"	11,6 kg 25.57 lbs
