DESCRIPTION

The pivoted BCS-200DC-R table-top double clipper is a reliable device for fastening plastic and natural casings in a caliber range of 25 to 100 mm. The clipper is easily operated, quickly set up and saves space. It is especially suitable for manufacturing ring-shaped sausage products.

HIGHLIGHTS

- Pivotal 60° and 90°
- Moveable casing brake
- Automatically cuts portions to size
- Upgradable to semi-automatic operation through the addition of modular components

OPTIONAL EXTRAS

- Special blade for soft casings
- Short jaw blades for closing large-diameter casings
- Automatic loop positioner
- Automatic string dispenser
- Main pneumatic pressure regulator
- Stamps pneumatic pressure regulator
