DESCRIPTION

The BCS-200DC Double Clipper is a reliable device for closing plastic and natural sausage casings in a caliber range of 25 – 100 mm. The clipper saves space, is quickly set up and easy to clean. The device is ideal for sausage products (whether log- or ring-shaped) and for net packaging. Optional accessories can be used to adapt the BCS-200DC to meet your specific requirements and it can be upgraded for semi-automatic operation through the addition of modular components.
