DESCRIPTION

With the new range of table-top single clippers, BECK CLIP SYSTEMS focuses on reliable, lightweight models that are easy to set up and maintain. The clippers are made of the highest quality stainless steel and composite materials, and comply with the very latest safety and hygiene requirements. Natural and artificial casings, nets, and bags are fastened securely and gently. The BCS-200SC table-top single clipper handles five clip dimensions of the XE-CAA series (Made by BECK, XE-CAA dimensions are similar to the E-200 series). This clipper is also available in several options: with an automatic trigger (BCS-200SCA), in a horizontal model (BSC-200SC-H), and in a horizontal model with an automatic trigger (BSC-200SCA-H).

APPLICATIONS

Specially developed for the food industry and univer-
sally applicable for all natural and artificial casings.
This clipper ist also very well suited for non-food
applications. The model BCS-SCA with an automatic
trigger is ideal suited for bagged products such as
poultry, while the horizontal models are perfect for
sealing non-standard casings and liquids, like soups,
bags with fishes and many other porducts.

ADJUSTABLE CLIP CLOSURE

The stroke limit can be adjusted manually, allowing
the clip closure to be tailored to the sensitivity of
the material or the required tightness.

BASE CHARACTERISTICS

Width	Length
240 mm	280 mm
9.45"	11.02"

CLIPPER CHARACTERISTICS

TYP 50	Height	Width	Length	Weight
BCS-SC / BCS-SCA	765 mm 30.12"	240 mm 9.45"	466 mm 18.34"	11,6 kg 25.57 lbs
