DESCRIPTION

The semi-automatic BCS-200SMD double clipper features an integrated touch control panel and can be mechanically coupled with any filler. The device is especially suitable for sealing sausage products in the caliber range of 25 – 120 mm (1.18 – 4.71“). The BCS-200SMD processes clip dimensions from the XE-CAA series such as XE-CAA, XE-CBA, XE-CCA, XE-CDA and XE-CEA (made by BECK with dimensions similar to the E-200 series).

HIGHLIGHTS

- Automatic filler control
- Compressed air operation
- Extremely corrosion-resistant construction in stainless steel and POM plastic
- Pneumatic casing brake for even filling 90° rotatable clipping head for easy casing loading

OPTIONAL EXTRAS

- Special blade for soft casings
- Optional loop feeder with 22/100 loops
- Optional string dispenser
- Stamps pneumatic pressure regulator
- Air preparation station
