DESCRIPTION

The semi-automatic BCS-700SMD double clipper features an integrated touch control panel and can be mechanically coupled with any filler. The device is especially suitable for sealing sausage products in the caliber range of 30 – 140 mm (1.18 – 5.51"). The BCS-700SMD processes clip dimensions from the XS-HAA series such as XS-HDF, XS-HEA, XS-HEE (made by BECK with dimensions similar to the S-700 series).

HIGHLIGHTS

- Wider main plates – longer casing ends
- Automatic filler control
- Compressed air operation
- Extremely corrosion-resistant construction in stainless steel and POM plastic
- Pneumatic casing brake for even filling
- 90° rotatable clipping head for easy casing loading

OPTIONAL EXTRAS

- Special blade for soft casings
- Optional loop feeder with 22/100 loops
- Optional string dispenser
- Stamps pneumatic pressure regulator
- Air preparation station
